CRĒDO CUBE™ SERIES 20M & 50M

Superior thermal protection in a convenient mid-size container.

The Crēdo Cube™ is a passive and reusable shipper qualified to hold chilled medical materials at a safe temperature for up to five days. This system is ideal for reducing shipping costs or for circumstances in which unexpected delays may occur.

Modular TIC™ (Thermal Isolation Chamber) walls with integrated PCM (Phase-Change Material) and VIPs (Vacuum Insulated Panels) makes conditioning in a freezer for year-round shipping easy and allows effortless packing and storage.

WHY CHOOSE CRĒDO™ SYSTEMS?

- The most trusted and well recognised brand of high-performance reusable shippers with the largest number of sizes and temperature ranges available
- Unique TIC™ walls contain PCM and completely enclose the temperature-sensitive payload ensuring consistently stable performance
- Crēdo™ shippers are highly durable, lightweight, and provide an optimum volume ratio of interior payload space for your products - allowing you to ship more product in fewer containers, reducing distribution costs

ENHANCE YOUR CRĒDO™ SYSTEMS

- **Crēdo ProEnvision™**: Easy-to-use, secure, web-based asset tracking software and global service centers available to assist customers and maximise their return on investment
- **TIC™ Smart Indicator**: Optional temperature-sensitive label installation specifying an “at a glance” safe temperature reading

CRĒDO CUBE™

DURATION

96 - 168 Hours

SERIES 20M

(-25°C to -15°C)

VOLUME

3L, 4L, 8L, 10L, 12L, 16L, 28L, 56L

SERIES 50M

(-40°C and Cooler)

VOLUME

4L, 12L, 16L, 28L

CRÉDO™ SERIES 20M -25°C TO -15°C

Payload Size	Exterior Dimensions - mm	Interior Dimensions - mm	Tare Weight - kg
Single Wall VIP, White Plastic Outer
