# STORM CASE CATALOGUE

Rugged, uncompromising and trusted, Peli cases protect what matters to you, from the everyday to the extraordinary. Peli Storm Case™ is a rugged range of IP67 certified, injection moulded cases that are built to the highest standards. Made of high-performance, lightweight HPX™ resin, these impact resistant cases are extremely durable even at low temperatures. Regardless of the size or shape, there is a Peli Storm case for every kind of sensitive equipment.

# STORM CASES

## MADE OF HPX RESIN

The high-performance resin makes these cases impact resistant even at low temperatures and a lightweight alternative to Protector cases of a similar size.

## PRESS & PULL LATCHES

These smooth-opening, patented latches hold tight under pressure and impact with easy-opening performance. Tested to over 180 kg (400lbs.), yet open with a simple release button.

## DOUBLE-LAYER SOFT-GRIP HANDLES

When the weather goes south you'll find a secure grip that won't slip. An in-tool vulcanizing process over-moulds the grips to the polymer handle for a lifetime of dependable performance.

## VORTEX PRESSURE RELEASE VALVE

The built-in technology of Peli Storm Cases automatic pressure equalisation valve is also a patented feature. During air travel it prevents vacuum lock to make opening the case natural, even after extreme altitude changes. At the same time, the microscopic filter blocks water molecules and dust particles so your gear stays clean in the Gobi Desert and dry on the Nile River.

## WATERTIGHT

The secret is the tongue and groove fit with a polymer o-ring which creates a watertight seal that gives each case its IP67 waterproof rating. Made from neoprene, these gaskets fit securely into a groove in the case lid, ensuring a tight seal when latched.

## ALLOY PIN

Peli Storm cases contain alloy pins to avoid corrosion.

\* Lifetime guarantee not applicable where prohibited by law.

# SMALL CASES

Perfect for small gear and instruments with all the features found in larger cases: strong HPX™ resin construction, Vortex™ valve, and Press & Pull™ latches.

Note that the dimensions of some cases manufactured in Germany differ slightly from the equivalent cases manufactured in the US. Please review the case dimensions carefully before initiating any project.

**IP67  
WATERTIGHT**

Dustproof and waterproof up to depths of 1 meter for thirty minutes.

**PRESS & PULL  
LATCHES**

The Press & Pull latch is a unique latch that locks automatically, but opens with a light touch.

### PICK N PLUCK™ FOAM

An easy, do-it-yourself system for the interior of the case. Layers of foam are pre-scored in 1,27 cm or 2,54 cm cubes. Simply lay your equipment on the foam, tape or chalk to mark the foam, and pluck away. Always allow at least 2,5 cm of foam between your equipment and the case wall.

The following cases ship with solid foam instead of Pick N Pluck™ Foam: iM3100, iM3200, iM3220, iM3300, iM3410.

### PADDED DIVIDERS

An alternative to Peli foam is our optional Padded Divider Sets. The compartments are connected with Velcro® so you can easily change the configuration according to your needs.

CASE	LAYERS	DIVIDER SET ONLY
iM2200	1	iM2200-DIV
iM2300	1	iM2300-DIV
iM2306	1	iM2306-DIV
iM2370	1	iM2370-DIV
iM2435	1	iM2435-DIV-LIDORG
iM2450	1	iM2450-DIV
iM2500	1	iM2500-DIV
iM2600	1	iM2600-DIV
iM2700	1	iM2700-DIV
iM2950	1	iM2950-DIV
iM3075	2	iM3075-DIV

### TREKPAK™ DIVIDERS

The TrekPak™ system uses pre-installed wall sections, divider panels, locking pins and an infallible cutting tool. Just lay your gear in the case, measure and cut the divider sections and lock them in place with the steel U-pins.

Trekpak™ is available for the following models: iM2200, iM2275, iM2300, iM2400, iM2450, iM2500, iM2600, iM2620, iM2720, iM2950

# SPECIAL APPLICATIONS

## CUSTOM FOAM SOLUTIONS

Custom foam and extreme solutions such as deck mount suspension systems will keep your delicate items protected on the inside.

## BEZEL KITS

Many Peli Storm cases can be adapted for use with electronic interface panels by using a Bezel Kit. Pre-drilled holes and stainless steel screws make fabricating a custom case a fast and accurate proposition.

A polymer o-ring seals the panel so the base of the case remains watertight, even with the lid open.

- O-ring
- Bezel Kit
- Attachment Hardware

## ELECTRONIC INSTALLATIONS

Peli™ Storm Case allows customisation for electronics. The copolymer material can be machined, drilled and sanded smooth. This makes the Peli™ Storm Case suitable for use with bulkhead connectors.

Peli™ Case shown. This picture only serves to illustrate the application.

## WE CUSTOMISE YOUR LOGO

Personalise your case with your company logo or have your name engraved on the nameplate. Logos can be applied in multiple colours as a Mylar® decal or as a vibrant fade-resistant, scratch-resistant hot-stamped ink.
